

ES MUSS NICHT IMMER
ORIGINAL SEIN.

THE PERFECT ALTERNATIVE.

Inkfinder

TINTENPATRONEN INKJET CARTRIDGES

In Sachen Qualität und Leistungen wollen wir keine Kompromisse eingehen. Egal ob wiederverwertete Tintenpatrone oder clevere Neuentwicklung, das Ziel für unsere Produkte ist immer gleich: 100 Prozent kompatibel und so gut wie das Original – zu einem attraktiven Preis.

VORTEILE | ADVANTAGES

> **INK „MADE IN GERMANY“: QUALITÄT AUF HÖCHSTEM NIVEAU**

Das Original ist unser Maßstab. Daher werden für nahezu jeden neuen Patronentyp die einzelnen Farben in den KMP-Labors neu entwickelt. Für die Auswahl der Rohstoffe gibt es strenge Qualitätsmaßstäbe. Entwicklung und Produktion aller Tinten sind „Made in Germany“.

> **MANUFACTURED IN EUROPE: FLEXIBLE FERTIGUNG**

Unsere Ansprüche an die Qualität und die Verfügbarkeit der KMP-Produkte sind enorm. Wir produzieren ausschließlich in Europa und unser Werk in Tschechien ist mit einer der modernsten Tintenabfüllstraßen ausgestattet. So können wir kurzfristig auf die Nachfrage im Markt reagieren.

> **TESTURTEILE: VIELFACH AUSGEZEICHNET**

Unsere Tinten-Produkte brauchen den Vergleich nicht zu scheuen. Unabhängige Institute und Magazine bestätigen immer wieder das überzeugende Druckergebnis und das exzellente Preis-/Leistungsverhältnis (siehe Folge-seite).

> **XXL: VIELE SEITEN, KLEINER PREIS**

Mehr Leistung muss nicht unbedingt teurer sein. Dank intensiver Forschung und Entwicklung können wir Seitenleistungen ermöglichen, die das Original so nicht bietet. Das Ergebnis: XXL-Tintenprodukte mit bis zu 6-mal mehr Reichweite – bei gleicher Qualität.

> **ISO/IEC 24711: LEISTUNG TRANSPARENT GEMACHT**

Die Vergleichbarkeit zum Original ist uns besonders wichtig. Für alle Standardfarben (Schwarz, Cyan, Magenta und Gelb) werden die Reichweiten nach ISO/IEC 24711 ermittelt. Unsere Produkte bieten mindestens die Reichweiten des Originals oder liegen sogar darüber.

> **DIN 33871-1: QUALITÄT UND FUNKTION GARANTIERT**

Wir gewährleisten gleichbleibend hohe Druckqualität und fehlerfreie Funktionalität. KMP-Produktionstandards erfüllen die DIN 33871-1. Eine Vergleichbarkeit der Angebote in Qualität und Leistung ist damit sichergestellt.

> **36 MONATE GARANTIE: QUALITÄT MIT SICHERHEIT**

Unser Ziel ist es, dass Sie sich mit gutem Gewissen für KMP entscheiden können. Bei Fragen stehen wir Ihnen mit Rat und Tat zur Seite und eventuelle Reklamationen regeln wir völlig unkompliziert. Auf das gesamte Tinten-Sortiment gewähren wir Ihnen 36 Monate KMP-Qualitätsgarantie.

In matters of quality and performance, we are uncompromising. Whether relating to a recycled inkjet cartridge or a clever innovation, the aim we have for our products does not change: 100 percent compatible and as good as the original – at an attractive price.

> **INK "MADE IN GERMANY": SUPREME QUALITY**

The original is our reference. This is why the individual colours for practically every new cartridge type are developed afresh in the KMP laboratories. Strict quality standards apply when we select raw materials. The development and production of all inks are "Made in Germany".

> **MANUFACTURED IN EUROPE: FLEXIBLE MANUFACTURING**

Our requirements relating to the quality and availability of KMP products are exceedingly stringent. We manufacture only in Europe and our plant in the Czech Republic is equipped with one of the most modern ink filling lines. This enables us to respond to market demand very rapidly.

> **TEST EVALUATIONS: MULTIPLE AWARDS**

Our inkjet products will stand up to any comparison. Time and time again, independent institutes and magazines confirm their impressive print result and excellent price-performance ratio (see following pages).

> **XXL: MANY PAGES, LOW PRICE**

Better performance does not necessarily have to be more expensive. Based on intensive research and development, we can achieve page performances beyond the reach of the original. The result: XXL inkjet products with more than 6 times greater range – with the same quality.

> **ISO/IEC 24711: PERFORMANCE MADE TRANSPARENT**

Comparability with the original is particularly important to us. Ranges for all standard colours (black, cyan, magenta and yellow) are determined according to ISO/IEC 24711. Our products offer the same ranges as the original, and in some cases even exceed them.

> **DIN 33871-1: QUALITY AND FUNCTION GUARANTEED**

We guarantee consistently high print quality and flawless functionality. KMP production standards conform to DIN 33871-1. Accordingly, comparability with other offerings in terms of quality and performance is assured.

> **36 MONTHS' WARRANTY: QUALITY WITH PEACE OF MIND**

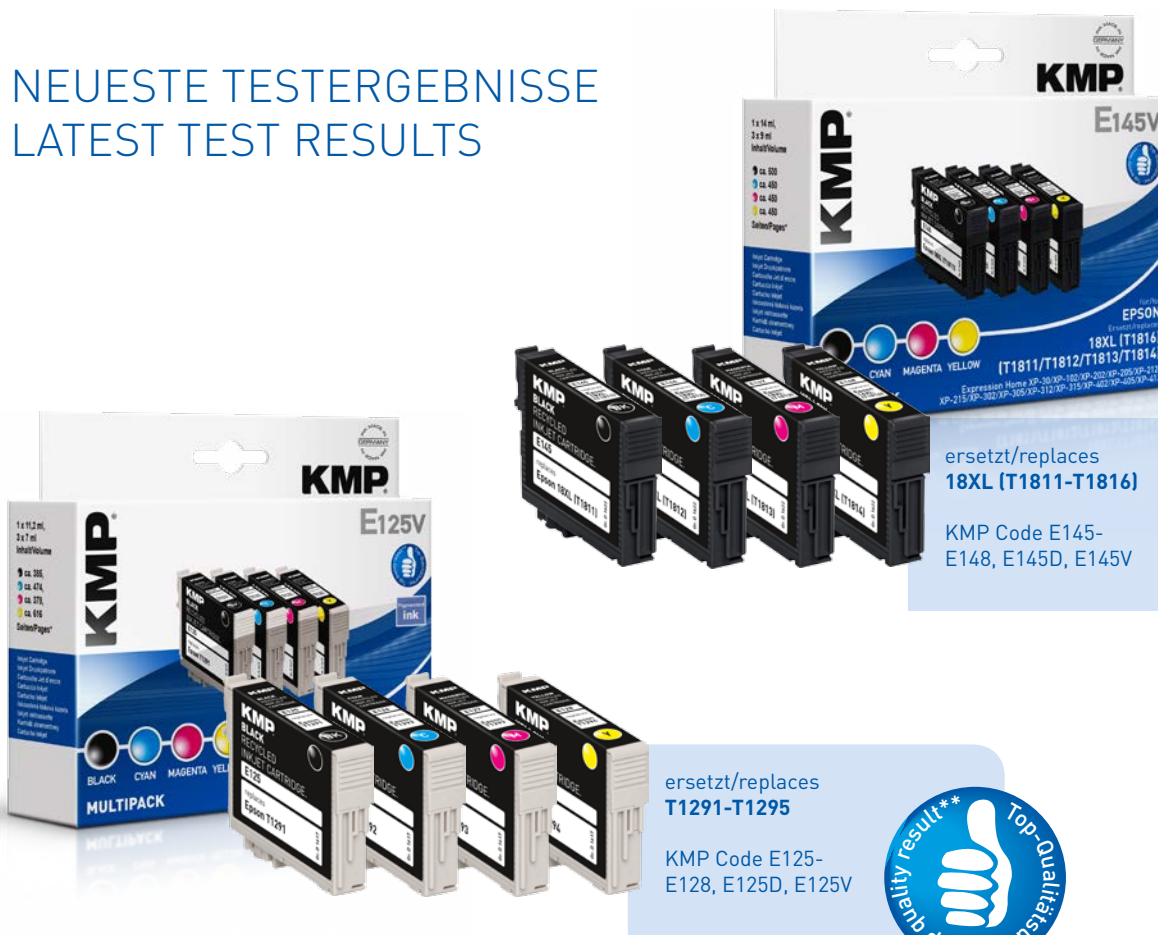

Our objective is that you should be able to decide for KMP without concerns of any kind. If you have questions, we will assist you in word and deed, and any complaints will be handled as simply as possible. We offer you the KMP guarantee of quality for 36 months on our entire inkjet product line.

AUSGEZEICHNETE PRODUKTE AWARD-WINNING PRODUCTS

Unabhängige Institute und Fachmagazine haben zahlreiche KMP-Produkte auf Herz und Nieren geprüft. Sie bestätigen immer wieder das überzeugende Druckergebnis, aber auch das exzellente Preis-/Leistungsverhältnis. Einigen Produkten wird sogar eine höhere Qualität gegenüber dem Original bescheinigt.

dt magazin für
computer
technik

„Die beste Qualität liefert die Tinte von KMP. Sie ist dem Original ebenbürtig und bringt noch ein etwas besseres Farbfoto als die Epson-Tinte. Sogar die hohe Lichtbeständigkeit ... legt die KMP-Tinte an den Tag.“ Im Test: 8 Tinten für Epson T1291 bis T1294, Ausgabe 11/2012

„The KMP ink provides the best quality. It is equal to the original and even provides a somewhat better colour photo print than the Epson ink. The KMP ink evedisplays ... the high light fastness.“ Testing: 8 Inks for Epson T1291 to T1294, issue 11/2012

* In der Ausgabe 03/2014 der Zeitschrift „test“ wurde dieses Produkt von der Stiftung Warentest getestet und hat das Qualitätsurteil GUT (2,2) erhalten./

** In the edition 04/2013 of the magazine „Stiftung Warentest“ this product was tested and has well preserved the quality judgment [2,2].

** In der Ausgabe 10/2012 der Zeitschrift „test“ wurde dieses Produkt von der Stiftung Warentest getestet und hat das Qualitätsurteil GUT (2,5) erhalten /

** In the edition 10/2012 of the magazine „Stiftung Warentest“ this product was tested and has well preserved the quality judgment [2,5].

Many KMP products have undergone thorough examination and inspection by independent institutes and trade journals. Time and time again these confirm not only the outstanding printing quality but also the excellent price-performance ratio of our offering. Some products have even been certified as being of higher quality than the originals.

KMP-QUALITÄTSGARANTIE

KMP QUALITY GUARANTEE

KMP entwickelt, fertigt und vertreibt qualitativ hochwertige Markenprodukte für höchste Ansprüche.

Unser alternatives Druckerzubehör passt perfekt in Ihren Drucker und verfügt mindestens über die gleiche Qualität und Leistungsfähigkeit wie das jeweilige Produkt des Originalherstellers. So ist auch die parallele Verwendung von KMP- und Original-Produkten (zum Beispiel Tonerkartuschen oder Tintenpatronen für Farbdrucker) völlig unproblematisch.

Zur Wahrung fremder Patente können KMP-Produkte in Aussehen und Größe vom Druckerzubehör des Originalherstellers abweichen, was keinen Einfluss auf ihre Funktionalität hat. Wir versichern, dass durch den ordnungsgemäßen Einsatz der KMP-Produkte keinerlei Schäden, vorzeitiger Verschleiß oder Verschlechterung Ihrer Geräte verursacht werden.

Um diese absolute Zuverlässigkeit der Marke KMP gewährleisten zu können, setzen wir auf ein zertifiziertes Qualitätsmanagement nach ISO 9001:2008, neueste Prüftechniken und moderne, flexible Fertigungsverfahren. Unsere Tonerkartuschen und Tintenpatronen werden über die Anforderungen der Branchenstandards DIN 33870 und DIN 33871 hinaus hergestellt. Für mehr Transparenz gegenüber dem Verbraucher ermitteln wir Reichweiten der Toner und Tinten nach den internationalen Normen ISO/IEC 19752, 19798 beziehungsweise 24711.

Sollte trotzdem einmal ein Produkt defekt sein oder nicht den Erwartungen entsprechen, werden wir Ersatz leisten oder Sie erhalten den vollen Kaufpreis zurück. Auch für den unwahrscheinlichen Fall, dass es durch den ordnungsgemäßen Einsatz eines KMP-Produkts zu einem Schaden am Drucker kommt, stehen wir zu unserer Verantwortung. Im Rahmen des Produkthaftungsgesetzes kommen wir dafür völlig unkompliziert auf, jedoch nicht für Folgeschäden.

Wenden Sie sich in diesem Fall an Ihren Händler oder rufen Sie uns an:

☎ SERVICE-HOTLINE: 0180 2020800

(01802-Anrufer aus dem deutschen Festnetz zahlen 6 ct/Anruf, aus dem Mobilfunknetz max. 42 ct/Min.)

Grundsätzlich gilt: Ihr Recht auf die gesetzliche Gewährleistung Ihres Druckers bleibt vom Einsatz unserer Produkte völlig unberührt. Auf alle KMP-Produkte bieten wir – über die gesetzliche Gewährleistung hinaus – ab Kaufdatum eine Qualitätsgarantie für die Dauer von 24 Monaten sowie 36 Monate auf Tinten- und Tonerprodukte.

Gültig ab 1. Januar 2013

KMP develops, manufactures and markets superior quality brand products to meet the highest possible standards.

Our alternative printer accessories will fit your printer perfectly, and offer at least the same quality and performance capabilities as the corresponding products from the original manufacturers. So KMP and original products (toner or ink cartridges for colour printers, for example) can be used side by side without any difficulty.

To avoid infringing the patent rights of third parties, KMP products may differ from the printer accessories of the original manufacturer in appearance and size, but this in no way impairs their functionality. We guarantee that the proper use of KMP products will not cause damage of any kind, premature wear or deterioration in the condition of your equipment.

In order to be able to make this guarantee of the absolute reliability of the KMP brand, we implement a quality management system certified according to ISO 9001:2008, the latest testing techniques and modern, flexible manufacturing processes. Our toner and ink cartridges are manufactured according to standards that exceed the requirements of the industry standards DIN 33870 and DIN 33871. To ensure greater transparency for the consumer, we calculate the ranges of the toners and inks according to the international standards ISO/IEC 19752, 19798 and 24711.

If a product should ever prove faulty or fail to meet your expectations despite the above, we will provide a replacement or a full refund of your purchase price. We will also honour our accountability in the unlikely event that a KMP product should damage your printer with proper use. Within the limits defined by the German product liability act, we will settle our responsibility without undue complication. This guarantee does not extend to consequential damages.

In such cases, please contact your dealer or call our

SERVICE HOTLINE: +49 (0)180 2020800

[The charge for calls to 01802 numbers from the German fixed-line network is 6 ct/call, from the wireless German phone network max. 42 ct/minute. Phone charges for callers from abroad may differ.]

In all cases: Your right to receive the statutory warranty for your printer is completely unaffected when you use our products. We offer a guarantee of quality on all KMP products from the date of purchase for a period of 24 months as well as on inkjet and toner products for a period of 36 months – in addition to the statutory warranty.

Valid from 1 January 2013
