DATE: April 23 2014

## HACCP Verification Audit and IFS Version 6 Implementation of Argand'or Maroc Group AMG

The Organization, HALIOTIS ADVICE, Strategy Management and Engineering Consulting, implemented HACCP systems, prerequisites programs and IFS V.6 for the site AMG as of May 2013. The audit includes the creation and delivery of records, documents and procedures to ensure AMG's HACCP System implementation.

AMG performed changes to its production system, technical tools and flux circuit leading to successful audit verification. AMG is in final phase of IFS V.6 audit.

The Organization, hereby, attest that the procedures are established, maintained, reviewed and improved from the distributors to the products delivery in order to meet the established sanitary norms and regulations.
