Firmenbeschreibung

Anhui Sealong Biotechnology Co., Ltd has specialized in manufacturing food additive for more than thirty years, and is the biggest manufacturer of DL-Malic Acid in China now. The main products of our company are DL-malic acid and Fumaric acid, and annual capacity of dl-malic acid is 20000mt per year. We obtained ISO9000/14000/22000KOSHER/HALAL accreditation and registered with FDA in America. Based on reliable supplying of Chinese raw materials and advanced technique, our products are endowed with good quality and low producing cost. We cooperate with almost all juice manufacturers in China and many famous international companies such as Nestle and Dow etc. Contact us and purchasing from Sealong Company is your best choice.
