 Bayer. Pilze & Waldfrüchte Uwe Niklas GmbH

## Auszeichnungen / Zertifikate

## Firmenbeschreibung

The business was founded by Georg Niklas in 1950. In 1988 the company was taken over by the current owner and chief executive director Uwe Niklas in the third generation. With this tradition the statically growing business points out its focus on innovation and investment. Therefore it sets clear signals for a successful future. In 1999, the business moved into a new location, in order to work in a high tech environment. The new plant included new machines, which facilitated the production and made efficient quality controls easier. In 2002 and 2005, the plant was again extended because of the businesses growth. A further extension of the administration building was done in 2008. This enables the Niklas GmbH the ability to provide an optimal support to customers and realize innovations efficiently to keep and improve their leading position on the mushroom market. The innovation and customer care ensures the business a positive reaction from both national and international customers. Quality as the ...
