Company description

A high quality distinguishes the entire product range of the company Ceccarelli Giulio, ranging from stone fruit over strawberries, kiwi and pears. Pears for the traditional varieties Abate Fetel is the year delivery time. From September to March, the core quality fruit is produced in Italy, May-June complement pears from Chile and Argentina offer. For customers and consumers, this means 12 months continuity, at the same price, presentation and quality. The elite products of the company Ceccarelli Giulio marketed under the brand name Premium Julius, including apricots, peaches and nectarines with particularly high fructose. Also plums and prunes complete the offering, as well as an extensive range of the most popular pear varieties.
