Company description

As a leading expert in frozen seafood, we have established ourselves as a key partner in the world of retail, home delivery, food service and third party manufacturing in Europe for decades. We strive for improvements and innovations everyday to increasingly satisfy our customers. This allows us to offer a customized service for every market. The variety of possible shapes, weights, taste, structure, preparation and design of the products is the core competence of Pickenpack Seafoods! To meet the needs of our customers, we offer various products packed under your own label as well as our label. We are proud of our employees, who fulfill their tasks with a lot of know-how, dedication and passion. For over 100 years we have met the highest demands. We know the market trends and are setting new standards with new products and innovative ideas.
