Descripción de la compañía

Grain d'Or Gel was founded by a family of bakers in 1988 from the North of France. It was among the first French companies to produce frozen uncooked bread with the same quality as fresh dough. Specialist in the production of frozen viennoiserie, bread and pizza dough, Grain d'Or Gel has applied its know-how acquired over generations to produce the true and constant taste of tradition for their customers.

Ofrecemos: Alimentos y Bebidas: Suministros para Cocer al Horno
