Descripción de la compañía

Gartenbauzentrale eG is a cooperative association of currently 49 family businesses from Papenburg. Herbs, cucumbers, tomatoes, peppers, cress, lettuce and many types of flowers are produced and marketed on almost 100 hectares of greenhouses and over 170 hectares of open land. GBZ was founded in 1931 and is one of the oldest companies here in Papenburg. Since 1998 we have been operating in our modern logistics centre in the Schulze-Delitzsch-Strasse in Papenburg. We are the market leader for fresh herbs and cucumbers in Germany. Because of our large areas under cultivation for herbs, Papenburg is also known as the "herb capital of Germany". For almost 40 years aromatic herbs have been an integral part of our product range. In recent years, our range has expanded to include numerous products and novelties in addition to herbs, cucumbers, flower and ornamental plants. Gartenbauzentrale eG is a modern cooperative for the marketing of horticultural products and for the joint purchase of commodities. For our...
