Firmenbeschreibung

Mediana Soc. Coop. Agr.la is formed by 50 member-growers that farm areas of land in Terracina, Sabaudia and San Felice Circeo in the province of Latina. The main production is vegetables and fruit grown both in greenhouses and on open field. Mediana products, certified by GLOBAL GAP and G.R.A.S.P according to the European standard. Every grower-members uses the agronomical technique approved in the Agro Pontino region from the beginning of the 1990s. Mediana has reduced CO₂ emissions of 200 T thanks to the photovoltaic installation of 200KW. Moreover, Mediana selects surplus vegetables for recycling centers, processing industries and biomass centers.
