Firmenbeschreibung

Compagnie Fruitière has been a family business since 1938 in Marseilles, is a leading producer in Europe and as well as the major fruit producer in the Africa-Caribbean-Pacific region, specialised in the production, transport and distribution of fruit and vegetables.. It produces, transports, ripens and markets more than 900,000 tonnes of fruit and vegetables, including 750,000 tonnes of bananas in Europe and throughout the world. The integrated handling of the entire supply chain, from production to distribution, gives it unique operational efficiency, as well as total control over the quality and taste of the products it distributes.
