Freunde der Erfrischung GmbH

Firmenbeschreibung

The company "friends of refreshment", established 2004 in Bremen, sells as a specialist raw materials for making frozen drinks, slush ice machines and accessories to the recreational camps in amusement parks, swimming pools, kiosks etc. With the premium brand SLUSHYBOY® they are a partner in the catering trade throughout Germany and neighboring European countries. Tailor-made machine offers (buy, lend, hire, lease) and services, consumer surveys and regular product innovations for different target groups secure the Bremen-based company a significant market position. A separate, fully equipped repair shop with qualified refrigeration and air conditioning technicians enables rapid repair and maintenance intervals without a long downtime of the machine. Spare parts are not only for their own, but also for the most popular foreign brands stocked constantly. The "friends of refreshment" do their business in setting milestones in the slush-ice market with premium frozen drink sirups, high-quality Granita mac...
